Some of the services provided are colonoscopies, sigmoidoscopies, hemorrhoid treatment and diagnosis, and treatment of diseases such as reflux/GERD, cancer, polyps and ulcers. The GI lab is also a satellite liver clinic for Stanford University.

Home Health

**2092 Lake Tahoe Blvd., Suite 500
South Lake Tahoe, CA 96150
530-543-5581**

Barton provides at-home health care services with a doctor's referral. Under the direction of your physician, we provide home care that best fits your needs. Our team includes registered nurses, rehabilitation services (including physical, occupational and speech therapy), medical social workers, nutritionists and home health aides.

Hospice

**2092 Lake Tahoe Blvd., Suite 500
South Lake Tahoe, CA 96150
530-543-5581**

Hospice care is a specialty program providing comfort and relief of symptoms for those who are terminally ill. Hospice care is provided in the privacy and comfort of your own home, a nursing facility or group home. Our team will work with you, your physician and your family to determine the most beneficial treatment and how to provide care. Hospice care is reserved for those who have a disease with a life prognosis of six months or less, as determined by your physician.

Infusion Services

**Barton Memorial Hospital
Infusion Center
530-543-5876**

Outpatient infusion services are available. Blood draws from access devices, IV medication therapy and blood transfusions are a few of the services offered. Some cancer support services are also available.

Laboratory

Our comprehensive laboratories offer full health panels and blood screenings, with a physician's order, to help you be informed and proactive with your health. Walk-ins are welcome.
