How to Download MyChart Smartphone App
There are two methods to download the app to your smartphone.

**Option 1**
1. Go to either the Apple App or Google Play store to access the MyChart app.

2. After downloading, touch the Provider button scroll to select Barton Health.

3. Log into MyChart using your ID and password.

**Option 2**
Scan the appropriate image below form your smart phone and go directly to MyChart Assistance mobile site. All you need is a bar code scanning app on your smartphone.
