

## **Barton Health** **Financial Assistance Summary**

Barton Health delivers safe, high quality care and engages the community in the improvement of health and wellness. One way that we do this is through our Barton Health Financial Assistance program, where we reduce the costs of a patient's medical bills based on their financial need.

### **How we can help**

We offer financial assistance to patients in need who do not qualify for other programs. Patients who qualify will have:

- An annual family income that is less than or equal to 350% of the federal poverty level, as determined by guidelines published annually by the U.S. Department of Health and Human Services (FPL);
- Cooperated with efforts to exhaust all other payment options; and
- Completed a program application and provided supporting documentation to verify income.

### **Fees Charged Patients Eligible for Financial Assistance**

Patients eligible for financial assistance will not be expected to pay more for emergency or other medically necessary care than the amounts generally billed to individuals who have insurance covering such care.
