How to Apply for Financial Assistance Program

Thank you for choosing Barton Health as your healthcare provider. We understand that medical bills can be burdensome and applying for assistance can be confusing. Barton offers different ways to help patients pay for their care by providing financial assistance, based on household income. **We may be able to help you with all or part of your financial responsibility, based on your eligibility.**

Patients who qualify for financial assistance will have:

- An annual family income that is less than or equal to 400% of the federal poverty level, as determined by guidelines published annually by the U.S. Department of Health and Human Services;
- Explore eligibility for other programs, such as: Workers' Comp, Medi-Cal, and Victims of Crime; and
- Completed a Financial Assistance Program application and provided supporting documentation to verify income.

In order to determine your eligibility for financial assistance, you will need to complete the Financial Assistance application and provide additional documents to process your eligibility, including:

- Copy of Federal Income Tax Return (Form 1040) for patient and spouse or domestic partner from the year the patient was first billed or 12 months prior to when the patient was first billed

or

- Recent pay stubs for patient and spouse and domestic partner from within the 6 months before or after the patient was first billed

Your completed financial assistance application and supporting documents may be returned by email to financialassistance@bartonhealth.org, via fax to 530-238-3226, in person to the Financial Counselor located at the Admitting department within Barton Memorial Hospital and also by mail to:
